

## Smart Cabinetry®: LEED® Credit Summary

Materials & Resources	LEED Credits	*Source: NTA Green Approved. **Bureau of Veritas Please consult the U.S. Green Building Council for further details on LEED® points.
<b>Credits MR 2</b>	2 points possible  50% / 70%	<b>Recyclable Packaging -</b> Our packaging materials include corrugated cardboard. These materials are completely recyclable, and can earn the MR 2.1 or MR 2.2 Credits.
<b>Credits MR 3</b>	2 points possible  5% / 10%	<b>Reusable Products -</b> Our cabinets are durable, and can easily be reused in projects. Additional LEED credits could apply if our cabinetry is reused.
<b>Credits MR 4*</b>	2 points possible	<b>Recycled Content -</b> Particleboard 90% pre-consumer / 10% post-consumer MDF 97% pre-consumer Wheatboard 94% pre-consumer
<b>Credits MR 5*</b>	2 points possible	<b>Regional Materials -</b> This contribution is dependant on project location. Qualified projects must be within 500 miles of Smart Cabinetry.
<b>Credit MR 6*</b>	1 point possible	<b>Rapidly Renewable Materials -</b> Smart Cabinetry offers an alternative wheat-board construction that adheres to "green" construction guidelines qualifying for the MR 6.0 credit.
<b>Credit MR 7</b>	1 point possible	<b>Certified Wood -</b> Smart Cabinets are constructed with sustainable timber and forests that are selectively harvested while maintaining its natural bio diversity. Hardwoods used in the manufacturing are Forest Stewardship Council Certified.
<b>Credit IEQ 4.4*</b>	1 point possible	<b>Low emitting materials -</b> Smart Cabinetry adhesives and coatings are formaldehyde free. Our composite woods meet the stringent CARB II standards. In addition, our plywood contains no added Urea Formaldehyde.
<b>Innovation &amp; Design Credit</b>	1+ points possible	<b>Innovation &amp; Design (ID) Credit 1 -</b> Products may contribute to Innovation in Design (ID) Credit 1. The intent of Innovation in Design Credit 1 is to provide design teams and projects the opportunity to be awarded points for exceptional performance above the requirements set by the LEED Green Building Rating System.
